Jerome Jermanus P

Software Developer

PROFILE

I am an experienced PHP developer with over 4.5 years of experience developing web applications. Adept at managing projects, collaborating with team members, and delivering high-quality work on time. Proven ability to communicate effectively with clients, understand their needs, and deliver solutions that exceed their expectations.

As a team leader, I have successfully managed and mentored junior developers, ensuring that they are trained and equipped with the necessary skills to succeed.

WORK EXPERIENCE

Religio Project Management
Feb 2023 – Apr 2023

Technology : React Js, Laravel, PHP, MySQL, Apache Server, Gitlab.

Role : Team Leader and Senior Developer.

Project management of Religio is the process of planning, organizing, and overseeing the execution of a specific project, with the goal of achieving its objectives within a defined timeframe and budget. It involves the coordination of various resources and stakeholders, including team members, clients, vendors, and other external parties, to ensure that the project is completed successfully.

Annual Report | (CMS) United States
Oct 2022 – Jan 2023

Technology : Laravel, PHP, MySQL, Apache Server, Gitlab.

Role : Team Leader and Senior Developer.

Each year, all U.S. Alliance churches are asked to submit their Local Alliance Church Annual Report. Pastors and editors, we need and greatly appreciate your help in accurately completing this important document. The information provided in it will be an important indicator of the way the Lord is moving throughout The Alliance.

ATMN(Alliance Transitional Ministries) | (CMS) United States
Feb 2022 – Jun 2022

Technology : Laravel, PHP, MySQL, Apache Server, Gitlab.
Role : Team Leader and Senior Developer.

Alliance Transitional Ministries Network can help you use them to shepherd churches through difficult times in preparation for a promising future through a transitional ministry experience.

Alliance Breakthrough | (CMS) United States

Sep 2019 – Oct 2022

Technology : Bitrix24, PHP, MySQL, Apache Server.

Role : Senior Developer.

CMAlliance is an integrated online portal for training and ministry development. From preparing to maintain all the workers, pastors, donors, leaders, international workers, and national office employees in a local church. It serves the Alliance family by bringing cost-effective, just-in-time training to Alliance workers, churches, and leaders.

Salesian Pictures

Oct 2018 – Jan 2019

Technology : Laravel, PHP, MySQL, Apache Server.

Role : Developer.

The Salesian photos is a photographic collection of Salesian pictures, which capture the history, mission, and daily life of the Salesian Congregation and its members around the world.

AWARDS

Oct 2022 | Boscosoft Technologies

- **The Best Employee of the Year**
